The college reviews its teaching-learning process through established IQAC Cell. The feedback taken from stakeholders helps IQAC in understanding the improvement of the college. This procedure helps applying the teaching learning process effectively and increasing programs. Feedback Analysis:

Students are provided with printed feedback forms on various parameters pertaining to Teaching and College like Subject Knowledge of Teacher, Teaching skill use of teaching aids, ICT based Teaching, Teachers motivational & dedication level, Teaching Pace & Syllabus Completion, Study Material Provision, counselling by Teachers, practices for remedial & slow learners, practices for meritorious student, expectation from concerned professors and the responses of the students are asked on the scale of Excellent, Good, Ordinary.

The feedback is received from the stack holders, students, guardians, teachers and alumni. The received data is analysed and discussed in detail to strengthen and improve the required seven important criteria's. The feedback is tabulated and uploaded in the college website. The outcome of the analysis is presented before the principal and required action is done. The reports of taken action are then published in the website. The documents are collected, maintained and analysed for further use. Academic audits are prepared as per the guidelines. AQAR is prepared annually.
